OCEAN LINERS HELD FAST IN GRIP OF ICE

Vast Ice Fields a Menace to Navigation.

THICK FOG ADDS TO DANGERS

Impenetrable Barrier of Ice Between New Foundland and Cape Breton, Stretching Out Many Miles Over the Waters of the Ocean.

Halifax, N. S., May 6.—Three large trans-Atlantic liners are believed to be imprisoned in the vast ice fields that completely block Cabot asland strait between New Foundland and Cape Breton, and other lines in the Montreal and St. Lawrence service have been forced to land passengers and freight in this port after ineffectual attempts to pierce the impenetrable barrier.

The Allan line steamer Sardinian from London and Havre for Montreal which was forced into this port on Friday to land her six hundred passengers, reports that imbedded in the ice fields are two large steamers of the Allan line, Ontarian, and the Dominion liner Vancouver. The Allan line steamer Orian is also believed to be fast in the ice.

The fields stretch acros Cabot strait for a distance of a little over 50 miles and added to the dangers of navigation, a thick fog hangs over the entire coast.

Not for years has the opening of the summer service to Montreal been so delayed as this year.

EDWARD'S CONTINENTAL TOUR.

Of Great Political Significance Think French Press.

Paris, May 6.—The French press regards King Edward's continental tour which ended Saturday with his departure from this city for London, as being fraught with large political significance. The following is a sample opinion:

"The king has demonstrated that he is a master of diplomacy. He has succeeded in applying to Germany from the political point of view, the continental blockade which Napoleon I failed to apply to England commercially. Were King Edward twenty years younger, the result might be dangerous for the peace of the world, but a man of sixty-six will hesitate to risk the grand coup."

A Famous Old Painting.

New Orleans, May 6.—The famous historical painting, "The Battle of New Orleans," worn dim in the vicissitudes such as fall to the lot of but few paintings, was unpacked here Saturday to undergo the restorer's brush. This painting was first hung in a Washington gallery. Later it adorned the old hotel Royal of this city, a brilliant hostlery of half a century ago which is now the biggest and richest ruin in New Orleans. From the hotel Royal, the painting went to the Baton Rouge capitol building, where it was partly torn out of its frame during a fire a year ago and where for a long time the old canvass was almost given up as a total ruin.

Labor Situation in 'Frisco.

San Francisco, May 6.—The outlook in the labor situation here is not particularly bright and no chance for an immediate settlement of any of the questions now involved is at present apparent. The telephone strike has crippled the service and Friday night the whole system had practically come to a standstill. The operators are securing support from all directions, and it is feared that the linemen will go out on a sympathetic strike.

Chatham Artillery Celebrates.

Savannah, Ga., May 6—The Chatham Artillery has celebrated its 125th anniversary at its armory with a banquet. Captain R. J. Davant presided as toastmaster, and there were addresses by other officers and veteran members of the command. The Chathams are among the oldest military organizations in the United States.

DAM BROKE; 20 DEAD.

Me Overwhelmed by Vast Rush of Water.

San Antonio, Tex., May 6.—A special to the Press-Express, from Chihuahua, Mexico, says:

Without an instant's warning, the great walls of the Chiuvuscar dam gave way Wednesday, engulfing nearly forty men under the enormous weight of masonry and water, between fifteen and twenty of whom are dead, and thirteen injured and others unaccounted for.

Some of the injured will die.

All the victims are Mexicans.

Meager details of the affair reached here when the judicial authorities and several surgeons departed immediately for the scene.

The disaster is only the last of a large number which have recently claimed nearly 200 victims in this state, and mostly in the neighborhood of Chihuahua.

The authorities are making a thorough investigation into the present catastrophe, and will severely punish those upon who they place the blame.

According to the version of the affair which reached here, the men were working on a foundation close to the foot of the main rampart of the dam, which had already been constructed. The main wall was weak and gave out under the water pressure.

The dame was being put in for irrigation and stock-watering purposes and was a large enterprise. The loss will be heavy.

CONVICTS MAKE ESCAPE.

Overtaken by Guards One is Killed. Others Leap from Trestle.

New Orleans, May 6—Reports have just been received by the state penitentiary board of the escape of two convicts Wednesday night from the Angola state farm in West Feliciana parish, and the killing of a third convict who was also attempting to get away.

The three convicts, A. B. Smith, J. Dahlen, and L. O. Derser, all young white men serving short terms, the first two for burglary and the third for forgery, ovepowered a guard last Tuesday and disappeared in the swamp.

Owing to high water, there were only two avenues of escape from the farm, and those were guarded. At one of these, a railroad trestle, a guard was overpowered late Wednesday night by the three convicts, who then started across the trestle. They were fired into by another guard at the other end of the trestle and Convict Smith was killed. The other two convicts leaped from the trestle and made their escape. Both of the men who escaped were natives of the state of Missouri.

Incipient Race Riot.

Houston, Tex., May 6.—An incipient race riot between negro soldiers recently recruited for the Twenty-fifth infantry, occurred Saturday at the Grand Central depot when St. Clair Nogg, a negro recently enlisted in Savannah, Ga., struck a white man who refused to give his name.

Left Estate of $1,100.000.

New York, May 6.—David Wilcox, late president of the Delaware and Hudson, who committed suicide at Seattle last week, left his estate to four cousins on his mother's side. The estate is valued by William G. Wilcox, the dead man's cousin, at $1,100,000.

Long Balloon Trip.

Paris, May 6—Maurice Farman and a friend ascended from St. Cloud on Wednesday in a balloon of 1,600 meter gas capacity, and they landed at Carlsbad Friday, having traveled a distance of 780 miles.

Snowstorm in Ohio.

Cleveland, O., May 6.—Driven by a fierce gale from the northwest, a heavy, wet snow fell over northern Ohio Saturday. The storm caused much delay to telegraph service.

Next Convention in New Orleans.

New York, May 6.—The international kindergarten union, which has just ended its annual meeting here, decided to hold the next convention in New Orleans.

ALIENS POUR INTO PORT OF NEW YORK

Queer Costumes; Perfect Babel of Strange Tongues.

5,355 WERE LANDED ON FRIDAY

Lured by Rosy Stories of Prosperity In This Country, Foreigners Flock to America in Great Numbers and from All Climes.

New York, May 6.—Through Ellis Island there pased Friday 5,355 aliens and thousands more are awaiting their turn on vessels in the harbor, and yet thousands more are due to arrive within the next two days.

The entire force of officials at the immigration station are working with might and main to land as soon as possible the many who seek entrance here.

Those landed Friday represented nearly every nation of Europe.

The bright colors of the newcomers from the south countries and the queer garb of the northern peasants formed a pleasant picture, while the babel of strange tongues and the shouts of the inspectors forming them into groups on the main floor, lent additional interest to the scene.

Many of the immigrants are Italians. They declare they have been attracted to America by the stories of the great prosperity here, and that many thousands of their countrymen are leaving for this country. They say that in Southern Italy many villages have almost been deserted by the population, so strong is the fever of emigration that has seized the people.

PLAN DISTURBANCES.

Russian Socialists Hold Secret Congress in Sweden.

St. Petersburg, May 6.—A secret congress of socialists opened Friday in Sweden, at a place not designated. About three hundred delegates are prsent from all parts of Russia, including all the socialist members of parliament. The object of the meeting is to decide on the future policy of the party in parliament. The decision of the congress will have an important bearing on the fate of parliament, as an influential section of the socialists are in favor of bringing about the dissolution of the house at any cost, which would easily be accomplished by precipitating a series of repetitions of the disorders of April 29, which President Golovin, under the present rules, is unable to prevent.

Preach Retiring Sermon.

Nashville, May 6.—Allen C. Hall, of this city, retiring moderator of the Presbyterian church general assembly, which convenes at Birmingham, Ala., on May 16, announces the appointment of Rev. J. P. Howerton, of Montreal, N. C., to preach the sermon of the retiring moderator. Dr. Howerton was a member of the famous Charlotte conference. He is reputed to be one of the most eloquent of Presbyterian divines. Dr. Hall, the retiring moderator, is a layman.

For Research Purposes.

Rome, May 6—A bill has been presented in the chamber of deputies providing for a $200,000 lottery, with the proceeds of which it is proposed to carry out excavations at the site of the Roman amphitheater at Benevento, the town founded, according to tradition, by Diomedes, and possession of the Rianes triumphal arch which is the finest and best preserved of all the Roman structures. The amphitheater at Benevento is almost intact.

Aztec Indian Dies at Age of 119.

San Francisco, May 6.—Felix Rodriguez, an Aztec Indian, died here Friday at the age of 119. He was in the battle of the Alamo in 1840, as a teamster in charge of a provision wagon of the Mexican army. After Texas' victory, he returned to Mexico where he lived until four years ago, when he came here. He died without family.

AFTER THIRTY YEARS

Georgia Man Is Arrested for Crime Committed in 1877.

Gainesville, Ga., May 6.—William G. Graham, an old man of 77 years, who was indicted in Madison county, Georgia, at the March, 1877, term of the superior court for the murder of William King, but who made his escape from the scene of the crime immediately after its commission, was Friday morning placed under arrest 10 miles northwest of Gainesville, at Bolding's mill, in the upper part of Hall county, by Sheriff Orr, of Dawson county, to whom the warrant was sent by the Madison county sheriff a few days ago.

The facts of the killing are, of course, meager, but few of the present day remembering them. However, it is said by a former citizen of Madison county, who is now living in Gainesville, that a difficulty arose between Graham and King, as they came out of a stream or pond, where they had been in swimming. It is said that King came at Graham with an open knife, when the latter brained King with a stick, inflicting such serious injuries that King died shortly thereafter.

It is also understood that Graham left Madison county on the night that the sheriff went to his house to arrest him on a warrant charging him with murder.

Graham came to Hall county and located near where he was arrested.

PANIC AMONG PASSENGERS.

Many Were Injured In Wreck on the Santa Fe Railroad.

Ration, N. M., May 6.—Westbound Santa Fe passenger train No. 1 was wrecked Wednesday night 20 miles south of Raton by the breaking of an axle under the engine tender. Twelve passengers were injured, ten seriously but not fatally.

The train carried many Shriners enroute to Los Angles. Two hundred and eight passengers on the train were thrown into a panic by the wreck.

Alexander Jeweler, of Los Angeles, was hurt, one hand being crushed. Two of the passengers were taken to the hospital at Las Vegas. The traffic was delayed 15 hours, and the loss to rolling stock amounted to $7,500.

Some of the passengers in their excitement jumped through windows and were cut by glass.

Girl's Body Found In Creek.

Hawkinsville, Ga., May 6.—Great excitement among the negro population was caused by the finding of the body of Floretta Clark, a negro girl, floating on the surface of Town creek, near the river Thursday, and some arrests have followed. Oliver Clark, a crippled negro man who walks on his knees, was arrested for the crime on acount of the fact that he was seen with the girl just before she was missing. He claims she only rode across the river with him and he has been released.

Sold 1,000 Quarts of Strawberries.

Tifton, Ga., May 6.—Despite the unfavorable season, Dr. Myers, one of the proprietors of the Myers orchards, 2 miles south of Tifton, said that they had sold over 1,000 quarts of strawberries this season at a price ranging from 15 to 20 cents per quart, none for less than 15 cents, and besides those sold, they have put up about 200 cans.

Longshoremen's Strike.

New York, May 6.—The unrest among the longshoremen, of whom more than three thousand are out in Manhattan and Brooklyn, is spreading, and it is feared that the number of strikers will be largely augmented. The strikers so far have been orderly, but trouble is almost certain to ensue if strike-breakers are put to work.

State Normal School Prosperous.

Athens, Ga., May 6.—The State Normal school is now closing the most prosperous year in its history. The attendance has reached a maximum. The total registration during the year has reached 568, which makes this the largest student body in the state. There are 29 members of the faculty and forty officers and teachers in the institution.

RUNAWAY MINISTER AND GIRL LOCATED

Pastor Left Wealthy Church for Sake of Pretty Face.

IT CREATED A BIG SENSATION.

It Is Stated that Warrants Have Been Issued for Minister's Arrest—He Will Probably Have to Answer a Charge of Abduction.

New York, May 6.—The Rev. Jere Knode Cooke, former pastor of St. George's Protestant Episcopal church of Hempstead, L. I., and 17-year-old Floretta Whaley, who disappeared simultaneously last Monday, have been located at Peekskill, N. Y., acording to information received here.

At the same time it was announced that officials of Nassau county have issued a warrant for Cooke's arrest and that officers have been sent to Peeksville to serve it.

The disappearance of Cooke and Miss Whaley created a tremendous sensation, principally because of the prominence of the church of which Cooke had been the rector for five years.

The church is one of the most important on Long Island, and included among its parishioners scores of wealthy New Yorkers, who have country homes in that vicinity. Among this number is August Belmont, who took an active part in the proceedings following the minister's disappearance which resulted in the pulpit of the church being declared vacant and Cooke being deposed from the ministry.

While it is not known positively just what charge was made, it is rumored to be abduction, Miss Whaley, the young woman invfived in the affair, being still a minor.

TAFT TO BREAK SILENCE.

Expected that He will Start His Presidential Boom in Oklahoma.

Washington, D. C., May 6.—Secretary Taft, it is expected, will break his political silence for the first time since he has been regarded as a receptive candidate, for the republican nomination for the presidency, in a speech, which he probably will deliver at Tusla, Okla., on June 6, on the ocasion of the assembling of the first republican state convention.

The secretary has accepted an invitation to attend that convention. It is not specifically stated that he is to make a speech then, but it is not doubted that he will do so, if requested, nor is it likely that the republicans of the new state will fail to extend the necessary invitation.

In Secretary Taft's opinion, the political campaign in Oklahoma will be a hot one, and probably will deetrmine for a number of years to come, the political complexion of the state.

Duel Proved Fatal to Both.

Birmingham, Ala., May 6.—At Woodstock, early Friday, Frank Richardson, a negro, shot and mortally wounded J. E. Sullivan, agent of the Alabama Great Southern railroad, and in turn was shot and instantly killed by Sullivan. Sullivan was brought here to a hospital, and died four hours later. Richardson was preparing to ship some household goods to Columbus, Miss., and a rate had been quoted to him. He claimed that the rate was excessive, and that he had previously had a lower rate. The lie was given, and the negro showed fight when Sullivan stepped into his office to get his gun. As he returned, the negro shot him in the bodymen, whereupon Sullivan began shooting, killing the negro at the second shot. Each combatant received one wound, but it proved to be a mortal one. Sullivan leaves a family.

Rumor Was Unfounded.

New York, May 6.—The report that Samuel L. Clemens is missing on Henry H. Rogers' yacht Kanawha, which was given wide circulation Friday, is untrue. Mr. Clemens is at his home in this city.

PICNICKERS WILL GO TO WORTHINGTON

Children's Voices Will Make Grand Old Woods Ring With Glory.

SPECIAL TRAIN IS SECURED

The Party Will Leave Gainesville at 8 O'Clock Friday, Spending the Day at Historic Old Worthington, Returning Late in the Afternoon.

Friday, May 10, 1907, will be a red-letter day with the Sunday school children and others of Gainesville, for that is the day selected for the grand annual picnic of the Presbyterian, Methodist, Episcopalian and Baptist Sabbath schools.

The committee, after careful consideration, decided that no better or more ramantic spot could be selected than Worthington Springs, with its cooling natural pools and massive oaks, hence the matter of a picnic place was an easy consideration, the selection being agreeable to all.

With a view to the comfort of those who desire to take advantage of an opportunity to spend a day in the woods; the committee has arranged with the Atlantic Coast Line for a special train, which will leave Gainesville at 8 o'clock. After an hour's delightful ride, the party will arrive at Worthington. Returning, the train will leave Worthington at 5 o'clock in the afternoon, arriving in Gainesville about 6 o'clock.

The fare for the round trip on this occasion will be 60 cents for adults, 30 cents for children. While it will be a Sunday school affair, a cordial invitation is extended to the public, and a big crowd, not only from Gainesville but from the surrounding country and nearby towns, is expected to go.

The committee has spared no pains to make every arrangement for the comfort of those who go on this picnic. The lemonade man will be on hand to refresh the picnickers, there will be plenty of good things to eat prepared by the mothers, wives, daughters and sweethearts, and in all it is determined to make this affair one of the most successful of the kind ever given here.

S. A. L. SCHEDULE.

Mails Will Arrive and Depart from Gainesville One Hour Earlier.

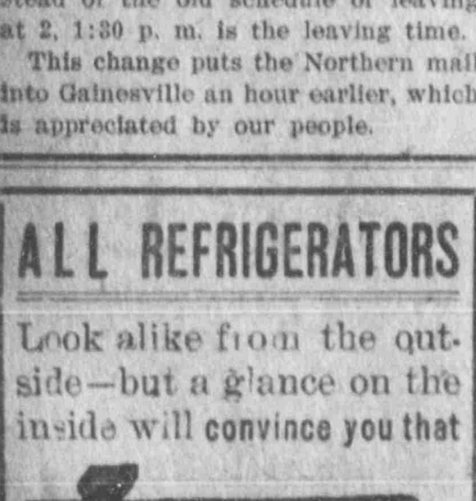
Beginning Sunday, there was a change of schedule on the Seaboard Air Line Railway which affects the arrival and departure of trains here.

The train from Jacksonville which has been accustomed to arrive at 1:30 p. m. now comes at 12:30. Instead of the old schedule of leaving at 2, 1:30 p. m. is the leaving time.

This change puts the Northern mail into Gainesville an hour earlier, which is appreciated by our people.

ALL REFRIGERATORS

Look alike from the outside—but a glance on the inside will convince you that



Leonard Cleanable

Is in a class of its own; no others are just like it—no other will do for you what it will. It is the world's recognized standard today. Why not buy the best?

Gainesville Furniture Company.

THE REASON WHY

We So Strongly Endorse and Recommend Vinol to the People of Gainesville.

Our local druggist, Mr. W. M. Johnson, says: "We do not believe there is a man, woman or child in Gainesville whom our famous cod liver preparation, Vinol, will not benefit at this season of the year.

"We believe there is no need for so many people to drag around run-down, tired out and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continued Mr. Johnson: "For centuries cod liver oil has been recognized as the grandest of all body-building agents for wasted human strenght and vitality, but on account of the nauseating and system-clogging oil which enveloped its curative properties few could take it with benefit.

"In Vinol you get in a concentrated form every one of the curative and strength-creating elements of cod liver oil actually taken from fresh cods' livers, the useless, system-clogging oil eliminated, and tonic iron added.

"Vinol is guaranteed by over five thousand of the leading druggists of the United States to create strength for old people, for the run-down, tired and debilitated, weak, sickly women and children, and after a severe sickness.

"We ask every such person in Gainesville to try Vinol. It costs nothing if it fails."—W. M. Johnson, Druggist.

Note—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

ANNIVERSARY DINNER.

Judge and Mrs. Syd L. Carter Celebrated Twenty-Seventh Anniversary.

At the elegant home in East Gainesville, Judge and Mrs. Syd L. Carter and family on Sunday participated in a big anniversary dinner, to commemorate the twenty-seventh anniversary of their marriage. There were many gathered around the festive board, representing this interesting family, which is among the oldest in this section, and it goes without saying that everything good to eat was included on the bill of fare.

Judge Carter, who is one of Alachua county's faithful and efficient representatives in the Legislature, came down especially to attend this function and be present at the opening of the spring term of the circuit court. While he has suffered considerably from rheumatism for the past few months, friends are glad to see him looking much better than they had expected.

Baseball "No Go."

Nothwithstanding the efforts of a few enthusiastic local fans who have exercised every effort to create a State baseball league, it appears that the issue is a dead one here, as it has been impossible to get a sufficient number of our people interested to even attend a meeting.

Gainesville was for years the banner baseball town of the State, and the old Oak Halls will ever remain fresh in the memory of baseball enthusiasts all over Florida, as this team held the championship as long as they were together; but the interest has lagged until it has become dormant, and the chances for reorganization are anything but encouraging.

It was the idea of those interested here to form a State league of Gainesville, Ocala, Palatka, Orlando and other important towns.

Compliment to Mr. Brown.

E. Paul Brown, one of the efficient clerks in the United States land office, has received notice of his appointment as secretary of the local civil service board of examiners, and will assume his duties at once.

Mr. Brown is a young man thoroughly competent to fill the position, and his friends are congratulating him upon his appointment.

Ladies Are Thankful.

The Woman's Guild of Holy Trinity Episcopal church desire through The Sun to extend thanks and high appreciation for the very liberal patronage extended their baby show and lawn entertainment.

The ladies report a magnificent business, having realized $120 net.

SPRING TERM COURT OPENED ON MONDAY

Greater Part of Day Devoted to Organizing the Court.

GRAND AND PETIT JURIES

Selected and Sworn—Afternoon Session Devoted to Hearing of Case of Anderson vs. Easterline & Co.—Seven Murder Cases on Docket.

The spring term of the Circuit court, Eighth Judicial Circuit, Alachua county, opened Monday, His Honor Judge J. T. Wills presiding, Hon. A. V. Long, State attorney.

The greater part of the day was taken up in organizing the court, and the following jurors were empanelled and sworn in:

Grand jurors—T. K. Godbey, foreman; H. D. Lewis, F. Cellon, W. D. Holder, Aaron DaCosta, E. K. Roberts, S. E. Campbell, E. B. Lewis, W. P. Boulware, C. H. Neal, J. B. Sheffield, J. S. Goode, James Harrison, J. L. Slocum, W. J. Hamilton, C. Y. Crawford, O. L. Feaster, J. D. Guthrie.

Petit jury, first week—W. M. Moody, W. P. Carter, D. Avera, J. H. Vidal, S. C. Tucker, J. T. Woods, Wm. Shannon, W. J. Denby, Geo. R. Ellis, N. W. Malphurs, C. J. Mixson, E. Baird.

The grand jury went immediately to work, making good progress during the day.

In the afternoon the case of E. K. Anderson vs. G. W. Easterlin & Co., assumpsit, was taken up. Jury was called and sworn and evidence submitted, when the court instructed the jury to bring in a verdict for defendant. *Attorneys for plaintiff accepted, but took non-suit.

In this case Attorneys W. S. Broome and W. W. Hampton represented the plaintiff, while Attorney Rivers appeared for the defendant.

There are a great many cases on the docket, many of which were disposed of by continuance or nol prosse Monday. Among the cases yet to come up for consideration there are seven for murder and many others for various criminal offenses.

During the session of the court W. M. Thomas was arraigned upon a charge of attempting to bribe a juror, and pleaded not guilty.

The court adjourned until this morning.

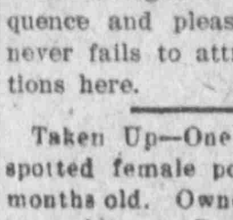
At the Methodist Church.

Presiding Elder F. R. Bridges of the Gainesville District, M. E. Church, South, delivered a most interesting sermon at the First Methodist church Sunday evening, and the congregation was a good one, notwithstanding the inclemency of the weather.

Mr. Bridges is a preacher of eloquence and pleasing address, and never fails to attract good congregations here.

Taken Up—One white and brown-spotted female pointer dog, about six months old. Owner may recover same by applying to R. H. Cox, Gainesville.

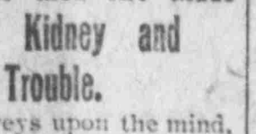
Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.



Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.



Home of Swamp-Root.

S.S.S. KILLS THE GERMS OF SCROFULA

Through the blood, diseases are carried from one generation to another. Parents transmit them to their children, and so it goes on down the family line for years and years unless the taint is removed from the blood. Especially is this true of Scrofula, for it is a disease that is "bred in the bone," and unless the blood is purified and every trace of the trouble removed the miserable disease will finally undermine the entire health and wreck the life of its victim. The usual symptoms of Scrofula are enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, Catarrh of the head and throat, skin diseases, etc. The trouble being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a waxy, pallid appearance of the skin, loss of strength and energy, and often lung affections, show that the disease is entirely destroying the bright red corpuscles and rich, nutritive qualities of the blood. Scrofula being a constitutional disease, one affecting the entire circulation, must be treated with a remedy that builds up and strengthens every part of the system, which has so long been denied the strength and nourishment it should have received from the blood. S. S. S. is the best of all blood purifiers and the greatest of all tonics, and is therefore the ideal remedy for Scrofula. S. S. S. searches out and destroys all germs, taints and poisons, gives strength, richness and vigor to the blood and cures Scrofula permanently. It so thoroughly removes the trouble from the blood that no signs of it are ever seen again, and posterity is started out in life with a clean, pure blood supply, which is their rightful inheritance. S. S. S. while thorough, is gentle in its action, and the healing vegetable ingredients which compose it build up every part of the system. Book on the blood and medical advice free. A FEARFUL TRAGEDY IN THE WEST END

Graham Long Waylaid and Murdered by Samuel Sapp.

SHOT HIM THREE TIMES

First Charge of Buckshot Entered Neck, and Would Have Produced Instant Death—Brother of Long Had Narrow Escape Also.

The West End, in the vicinity of Newberry, was the scene of another brutal assassination at a late hour Friday afternoon, but the information did not reach Gainesville until Monday, when those coming to attend the session of circuit court here brought the news.

This tragedy cost Graham Long his life, and according to the verdict of the jury, Samuel Sapp, a young white man of the Newberry district whom it is said had not been on friendly terms with deceased for some time, was the murderer.

Young Long married a sister of Sapp about five years ago, at which time it is said the event created the displeasure of the Sapp family, who have never been on too intimate terms with the Longs.

Waylaid His Victim.

Long is a farmer, cultivating a crop about three miles from Newberry. Late Friday afternoon, as he was driving to his home in a buggy, accompanied by his brother, Levy Long, who was the only eye witness outside of the principals, it is stated that Sapp lay in waiting by the side of the road behind a big tree, and when the buggy was opposite stepped out, commanded the men to halt, with the information that he proposed to kill them. At the same time he leveled a double-barrelled gun and pulled the trigger. The gun was loaded with buck shot, and the contents of the first barrel entered Graham Long's neck, which would have produced instant death. The victim fell from the buggy, and as he did a second load took effect at his side.

Used Buggy as Breastwork.

In the meantime Levy Long had left the buggy, and was using the vehicle as a breastwork. He saw Sapp deliberately "break" his gun and reload the piece, when he fired a third shot into the helpless victim, then stretched upon the ground. This had penetrated the arm of Graham Long, who was then dead, when Levy, realizing the danger, began to run. While retreating, the witness stated that Sapp discharged the other barrel directly at him, but the shots went wild, and he was uninjured.

With all haste Levy Sapp proceeded to Newberry, where he informed the authorities of the tragedy. Justice E. T. Henderson empanelled a coroner's jury and returned with the man to the scene of the tragedy. After viewing the remains and taking the testimony of the only witness, the jury returned a verdict to the effect that deceased came to his death from gun shot wounds at the hands of Sam Sapp.

Sapp Made His Escape.

Immediately after the tragedy Sapp made his escape, and has not yet been captured.

Both parties are comparatively young men, and are well known throughout the West End, where they were reared.

THE UNION ACADEMY.

Has Enjoyed a Most Successful Term. The Closing Exercises.

The closing exercises of Union Academy which began last Thursday evening are indeed interesting. Standing room each night in the large spacious Johnson Hall was at a premium. The concerts will close tonight with the recitations of the Sixth and Seventh grades. On account of seating capacity the commencement exercises which were announced to be held at the Johnson's Hall, have been changed, and will be at the Mt. Pleasant M. E. church on Pleasant street.

Seven persons have finished the course of study of the school and will deliver their orations and receive their diplomas.

The exercises will begin at 8 o'clock on Wednesday evening and the public is cordially invited to attend. Separate seats for white friends.

TRAINS ANNULLED.

Night Trains Between Jacksonville and St. Petersburg Are Taken Off.

The night trains over the Atlantic Coast Line between Jacksonville and St. Petersburg, known at Nos. 37 and 38, which have been successfully operated during tne season just closed, have been annulled for the summer, the last train leaving Jacksonville Sunday and St. Petersburg Monday.

This service has proved very convenient to the traveling public, and the night trains will be missed.

Nothing more has been said in reference to the train which it was rumored would be placed in commission between Ocala and Jacksonville, making a round trip each day. This train would not only prove a great convenience to patrons along the line, but it is the opinion of the conservative railroad man that it would prove a money-maker. It is hoped that the service will be inaugurated.

Following the annulment of Trains 37 and 38, it is rumored that a through fast express between Jacksonville and St. Petersburg will be inaugurated to handle the enormous movement of perishable freight which has heretofore been handled by the night trains.

ACCUMULATIONS.

The opening of spring reminds the prudent man and woman that it is time to get rid of the accumulations of the winter season. The body demands it as the price of comfort and health. In old times the spring was the season for strong physicking, and heroic were the measures often taken. Nowadays the prudent at this time of the year take a mild but effective prescription such as **¼ oz. Fluid Extract** of Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water. This, taken in doses of a tablespoonful three times a day, before meals, is said to do the work far better than the drastic drugs of old and is vastly more pleasant. The prescription can be put up by any good pharmacy at small cost.

Asks Re-Organization.

Chicago, May 6.—A bill was Saturday filed in the circuit court of Cook county by which the Chicago Real Estate Loan and Trust company asks a re-organization of the Corn Products company, and a receiver for the plants of that company situated in the state of Illinois.

Quake Felt in Malaga.

Madrid, May 6.—A telegram from Malaga reports that an earthquake, which lasted 17 seconds, was felt there on Thursday.

PROSPECTIVE GROOM MET AWFUL ACCIDENT

Run Down by Train, Skull Crushed and Otherwise Injured.

WAS ASLEEP ON THE TRACK

Had Spent Part of Saturday Night in Gainesville, and Was Evidently Walking to Hague, Where It Was Rumored He Was to be Married Sunday.

Within only a few hours until he would become a groom, a white man, a carpenter, by the name of James, was run down by a north-bound passenger train on the Atlantic Coast Line about a mile north of the passenger station, and just beyond the city limits, Sunday morning at an early hour, and this accident may cost him his life.

The pilot of the engine struck the man's head, which indicated that he was evidently asleep on the edge of the track. He was hurled several feet, sustaining other serious injuries, it is reported, and was taken aboard the train, being conveyed to the hospital of the Atlantic Coast Line at Waycross.

Very little is known, or could be learned, of this mysterious man, and the accident, which was equally mysterious. It is said that he is a carpenter employed by the Atlantic Coast Line, and that he came to Gainesville early Saturday evening. It is further stated that he was to have been married to a lady at Hague, ten miles north of the city, Sunday afternoon, but there is one thing sure, the misfortune which befell him will have a tendency to delay this solemn ceremony indefinitely, for the man is said to be in a precarious condition.

Nothing is known of the movement of the man after midnight, but it is supposed that, becoming tired of waiting for the train, he decided to walk to Hague, and when a short distance out lay down to rest and went to sleep.

BRONCHIAL COUGHS.

Breath Hyomei's Healing Air and All Irritation Will Be Quickly Cured.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough, which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroyes all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of the mucous membrane lining the air passage and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

If there is any doubt in your mind as to the power of Hy-o-mei to cure bronchial troubles so that the system will resist coughs and colds, the unusual way in which it is sold by J. W. McCollum should dispel that doubt. He agrees to refund the money to any purchaser of Hy-o-mei who is not perfectly satisfied with the result following the use of the remedy. He takes all the risk and if the remedy does not help you it does not cost a penny, while if it cures, the expense is nominal, for a complete Hy-o-mei outfit is sold at only $1.00.

Eighth Annual Meeting.

Washington, May 6.—The American Therapeutic society began its eighth annual meeting here Saturday, and will continue its session until Tuesday evening when it will be brought to a close by a complimentary dinner by the local members of the organization. The feature of the meeting Saturday was the address by the society's president, Dr. R. E. Heyburn, of Washington, his subject being "Fifty Years in the Practice of Medicine."

"WHY do I take Cardui"? writes Mrs. Jelemma Mullins of Odessa, W. Va. "Because, after suffering for several years with female trouble, and trying different doctors and medicines without obtaining relief, I at last found, in Wine of Cardui, a golden medicine for all my ills, and can recommend it above all others for female complaints."

Cardui furnishes safe relief for backache, headache, periodical pains, irregular, painful or unhealthy catamenial flow, and all ailments from which sick women suffer. A perfect tonic for delicate women. A pure vegetable medicine for girls and women who are subject to the complaints peculiar to their sex. Has benefited over a million who used to suffer as you do.

At every drug store, in $1.00 bottles.

NEW ICE FACTORY NOW IN OPERATION

First Ice Will be Pulled from That Institution Today.

IS AN UP-TO-DATE PLANT

Has a Capacity of Thirty Tons per Day, and the Addition Gives Gainesville Distinction of Being Fourth City in Florida in Ice Making.

With the firing of the furnaces of the Fruit Growers' Ice Company Friday morning, there is added another great industry in the manufacturing line to Gainesville, which is rapidly becoming to rank with the rest of the larger cities of the State in this line.

This plant is no small affair. The plant is modern from one end to the other, the machinery is all of the latest Columbus pattern, which is said to be the best of its kind in the world, and the capacity will be thirty tons per day, making Gainesville fourth in importance in the manufacturing of ice in the State, being exceeded only by Jacksonville, Tampa and Pensacola. The combined capacity of the ice factories of this city will now reach seventy tons, which is a lot of ice.

On starting up the process requires several hours before the ice can be turned out. The management of the new plant expects to turn out their first products today, and in future will contribute its share of "cool comfort."

The necessity for this additional factory was occasioned by the heavy demand for ice for refrigeration purposes. Gainesville being in the center of a large vegetable and fruit producing ection, great quantities of ice is used in refrigerating the cars, and upon several occasions it has become necessary to order from other points, the supply here being entirely inadequate to accommodate the demand.

The new factory will employ a large number of men, and will necessarily prove of great commercial benefit to the city.

YOUR GRANDMOTHER USED IT.

But She Never Had Sulphur in Such Convenient Form as This.

Your grandmother used Sulphur as her favorite household remedy, and so did her grandmother. Sulphur has been curing skin and blood diseases for a hundred years.

But in the old days they had to take powdered sulphur. Now HANCOCK'S LIQUID SULPHUR gives it to you in the best possible form and you get the full benefit.

HANCOCK'S LIQUID SULPHUR and OINTMENT, quickly cure Eczema, Tetter, Salt Rheum and all Skin Diseases. It cured an ugly ulcer for Mrs. Ann W. Willett, of Washington, D. C., in three days.

Taken internally, it purifies the blood and clears the complexion. Your druggist sells it.

Sulphur Booklet free, if you write HANCOCK LIQUID SULPHUR COMPANY, Baltimore.

GREEKS ARE AT WORK.

Contractor Beeman Has Employed a Force of Twenty-Five on Sewer.

The labor problem on the sewerage work seems at last to have been solved, after months of worry in an endeavor to overcome it. Contractor Beeman, who has the work in charge, has suffered no end of inconvenience and delay on account of his inability to secure sufficient labor, but the matter has been remedied now, Mr. Beeman having employed a force of twenty-five Greeks who will be on the job in the future until finished.

These Greeks have been employed in sponge fishing on the Gulf coast, with headquarters in Tarpon Springs. The season having closed, many of the Greeks left Tarpon for various points, the above force having decided to remain here.

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C—, of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

SEVERE ECZEMA CURED IN SOUTH

Suffers Three Years—Hands and Eye Most Affected—Employed Doctor to No Effect—Now Entirely Recovered and Will Recommend

CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. Robert, Hydropolis, La., Jan. 5 and Sept. 1, 1906."

SOUTHERN MAN CURED

Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stelljes, 132 Spring St., Charleston, S. C., June 12, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, How to Cure Skin Humors.

HONORS TO C. E.

North Gainesville Society Entertained Two Distinguished Visitors.

The Christian Endeavor Society of North Gainesville has been highly honored during the month just past. First with a visit from State Union President, Rev. Jas. F. Winnard of Tampa, who stopped over April 8, on his way to Presbytery at DeLand, from State C. E. Convention at Lake City. He delighted a large audience at the hall with an up-to-date Christian Endeavor talk, which was followed by a social hour and refreshments. Mr. Winnard was entertained by Henry Ramsey and family while here.

Another great honor was the visit among us of the State Union Secretary, Miss Grace A. Townsend, formerly of Avon Park but now of Interlachen. Our "little secretary," though frail of body, is strong in faith and courage, and her indomitable spirit has overcome all obstacles, and her work for the Master is her life. Mrs. H. W. Bruce was her hostess, and Mrs. J. D. Turner added greatly to her enjoyment by giving the services of her horse and buggy. Miss Townsend was delighted with all Gainesville.

Lightning Struck Farmer.

Flowery Branch, Ga., May 6.—Jim Pope, a farmer who lives a few miles from this place, was struck by lightning at a late hour Friday afternoon, and probably fatally injured. Two mules he was driving were instantly killed. The bolt also struck Mr. Pope's young son, but he miraculously escaped serious injury, although one of his shoes was torn to shreds.

Macon Postoffice Shows Big Increase.

Macon, Ga., May 6.—An increase of almost two thousand dollars over the April of last year has been made by the Macon postoffice, and the employees are making merry over breaking the record. Since last summer the receipts at the local headquarters of Uncle Sam have been going above the figures of last year, and the indications are that there will be no let-up in the good figures.

Wants Brigand Money Back.

Constantinople, May 6.—The British embassy has lodged a claim with the porte for the re-embursement of the $75,000 ransom paid to the brigand who abducted the Abbott child, son of a prominent British subject, who was residing at Salonika.

LONG PENDING QUESTIONS

May Be Settled Between the United States and Turkey.

Constantinople, May 6.—The power of withholding its consent to the increase of 3 per cent in the Turkish customs duties has given the American government the leverage necessary to secure the porte's assent to a settlement of the long pending questions between the United States and Turkey in accordance with the wishes of the state department.

The imperial irade issued Friday authorizing the ministers to take action in the matter, was quickly followed by a communication from the porte to Ambassador Leischman, in which the porte declared that the American schools and other institutions for which official recognition was demanded, will hereafter be treated on the same footing as those of other nations. All other American demands are conceded, and all the obstacles to a complete solution of the difficulties which have existed between the American representatives here and the porte for three years seem to have been reached.

FOUR CHILDREN BURN.

Parents Went to Dance and Locked Them in House.

West Branch, Mich., May 6.—Four small children were burned to death Friday night in the home of Martin Campbell, 8 miles from here.

Mr. and Mrs. Campbell went to a dance and locked their six children in the house.

The parents left a big fire in the stove, and in some manner this ignited the house, which was destroyed.

The two oldest children escaped in their night clothes.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

World's Parliament of Journalists.

Berlin, May 6.—It is understood here that it is the intention of the Hungarian government to invite a sort of world's parliament of journalists from Great Britain, America and all continental countries to participate in the festivities at Budapest in September in celebration of the fortieth anniversary of the cornonation of Emperor Francis Joseph as king of Hungary.

Indigestion

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

When Oregon Was In the Balance.

There is no boundary in the world of greater political importance than the forty-ninth parallel, which divides Canada from the United States. When this boundary was under discussion, the Pacific coast was almost inaccessible, and the ownership of Oregon, now a state of vast wealth, with opulent cities and a teeming population, was in the balance. The matter was settled by the report of Captain Temple, a brother of Lord Palmerston, who wrote to the admiralty "that the country was not worth a cuss because the salmon would not take a fly."—Manchester Chronicle.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

J. S. Bodiford & Co., Special Agents.

CURES NEURALGIA, SPRAINS, CUTS, BRUISES, BURNS, SCALDS, OLD SORES, CRICK IN BACK, BACKACHE, LUMBAGO, STIFF JOINTS, CONTRACTED MUSCELS, SPRAINED ANKELS, CORN HUSKER'S SPRAINED WRISTS, FROSTED FEET, CORNS, BUNIONS, CHILBLAINS, AND ALL INFLAMMATIONS OF MAN OR BEAST.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nud, Iowaville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."

THREE SIZES: 25c, 50c AND $1.00

BALLARD SNOW LINIMENT CO.

LONG HAIRED MEN.

The Way Massachusetts Protested Against Them In 1649.

The following protest signed by Jo. Endicott, governor; Thos. Dudley, deputy governor; Richard Bellingham, Richard Saltonstall, Increase Nowell, William Hibbins, Thos. Flint, Rob. Bridges and Simon Bradstreet was published in Massachusetts in 1649:

"Protest, against wearing long hair, of the governor, etc., of Massachusetts:

"Forasmuch as the wearing of long hair, after the manner of Russians and barbarous Indians, has begun to invade New England, contrary to the rule of God's word, which says it is a shame for man to wear long hair, as also the commendable custom generally of all the godly of all our nation, until within these few years:

"We, the magistrates, who have signed this paper, for the shewing of our own innocency in this behalf, do declare and manifest our dislike and detestation against the wearing of such long hair, as against a thing uncivil and unmanly, whereby men doe deforme themselves and offend sober and modest men and doe corrupt good manners. We doe therefore earnestly intreat all the elders of this jurisdiction, as often as they shall see cause, to manifest their zeal against it in their public administrations, and to take care that the members of their respective churches be not defiled therewith; that so, such as prove obstinate, and will not reforme themselves, may have God and man to witness against them. The third month 10th day, 1649."

ADAM'S FIRST WIFE.

The Fiendlike Lilith Was a Complete Matrimonial Failure.

Whether Lilith was one of the female creations of chapter 1 or a demon or something between the two, she was, considered matrimonially, a complete failure. She was expelled after living with Adam for 130 years and subsequently became the wife of Satan, by whom she was the mother of the Jinns, so familiar in Persian fairy lore.

The emphatic remark of Adam when he first saw Eve, "This is now bone of my bones and flesh of my flesh," makes, it is suggested, a comparison between Eve and the beautiful but fiendlike Lilith not complimentary to the latter, while the reference on the birth of Seth to him as Adam's son "in his own likeness, after his image," conveys a painful hint of the uncanny offspring born to Adam and Lilith.

Perhaps in revenge for this Lilith—the name occurs translated "night monster" in Isaiah xxxiv—became the sworn foe of little children, whom she was wont to strangle with one of her glorious golden hairs unless the watchfulness of their mothers drove her away. It has indeed been gravely suggested by an etymologist greatly daring that our word "lullaby" is simply a corruption of "Lilla, abi!" (Lilith, avaunt!) which mothers and nurses would croon over the cradles or write on the doorpost.—St. James' Gazette.

Men, Attention—Be wise; send for our sealed booklet—free and instructing. Only cure; enlarges parts. No medicine; no fake. So. Inst. Co., Box 433, Houston, Texas.

PERPETUATING POLITICAL POWER.

The interference of the Federal officials in the selection of delegates to national conventions has always been denounced and for some years, until the present time, has been kept somewhat within bounds. We now see, however, not only the utmost activity by many United States marshals and attorneys, internal revenue collectors, postmasters and likewise the host of minor officials taking an active part in politics, but also the dismissal from office of those who are not known to be faithful to the political fortunes of the dominant Republican faction. To overcome the activity of the Fairbanks, Foraker and Cannon followers in the various States, especially in the South, the administration has gone so far as to send high officials from Washington to admonish the office-holders that their heads will fall into the executioner's basket, before the end of the year, if they are found allied with the "conspirators." Mr. Hitchcock, first assistant postmaster general, who has just returned to Washington from such a trip, is stated to have had "a long conference at the White House before he went away," on such mission.

Heretofore the President has held very strong views on the participation of federal office-holders in politics while enaged in their official duties, but under the exigency of the factional fights within the Republican ranks, such civil service reform notions have been thrown to the winds and in place thereof an area of "practical politics" has been installed. In New York and Ohio, which appear to be centers of Republican political disturbance, some luke-warm federal office-holders have already "walked the plank" and others more subservient have been appointed in their place. It is said that the President is even urging Secretary Taft to leave the multitudious duties of the War Department and undertake a speech-making and handshaking tour of Ohio to head off the pestiferous Foraker in his mob raising and fire alarm activity.

Those Republicans who believe that Mr. Roosevelt is the only present savious of the country should watch their local federal officials and promptly report to the White House by wire or otherwise, any signs of dereliction on their part from faithful service to the Roosevelt faction. Democrats who believe that such pernicious activity on the part of federal office-holders leads to the perpetuation of the party in power, should call the attention of their Republican neighbors to the merits of true civil service reform and urge them to aid in suppressing such flagrant attempts to control their votes and political freedom.

Virginia is the latest State to regulate railroad passenger rates. The State corporation commission has decreed that a maximum rate of 2 cents a mile be established on all the large railroads operating in the State and on the less important roads from 2½ to 3½ cents a mile, according to their net earnings. In relation to the reduction of freight rates the commission holds that the railroads should operate under a uniform classification, as for the time being, at least, it considers the matter of fright facilities is superior in importance to the matter of freight rates. This conservative action by the Democratic State of Virginia shows that the Democratic party may be relied upon to protect the people and at the same time just and fair to the corporations.

Does your whiskey taste any purer since Secretary Bonaparte described officially what is good, better and best?

STATE OF OHIO, CITY OF TOLEDO, } ss.
LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

THE FASHIONS AS PREDICTED FOR THE SUMMER.

June, being the traditional bridal month, the usual fashion article in this number of the New Idea Woman's Magazine is devoted to the bride and her attendants. New materials for the wedding gown, and graceful drawings showing the latest ways of making the same are given, as well as suggestions for the bridesmaids and maids of honor. The Girl's Letter contains many valuable hints for the selection of a trousseau and will undoubtedly prove helpful to the girl with moderate means who wishes to spend sensibly her allowance for this purpose. Ideas for bridal luncheons and anniversary dinners also appear in this issue. Another illustrated fashion article is devoted to the discussion of jumper fashions, which will, without doubt, occupy the most important place in summer wardrobes.

Secretary Wilson of the Department of Agriculture has been going among the colleges and telling of the things his department has done and is doing for the farmer, chief among them the investigation it has been making of the possibilities of alcohol as a source of light, heat and power. The Secretary may be pardoned perhaps for tooting a little on his own trumpet. He has developed the Department of Agriculture into one of the most important departments of the Government, because it deals with so many subjects that come closely in touch with the daily life of the people. He is enthusiastic about the possibilities of the alcohol and his enthusiasm is worthy of consideration because of the things he has accomplished in the past. He points out that the end of the wood supply as fuel is more than in sight and the end of the coal supply does not need an opera glass to distinguish it. But alcohol he holds can and will be produced by the farmer from his surplus crops and from crops raised especially for the purpose. He says that without impoverishing the farms, for alcohol is not a fertilizer, the farmer can produce enough alcohol to ward off cold and starvation from the country for an indefinite period. All of this is cheering news for the farmer and equally good for the people at large.

We are still waiting for John Wesley Gaines to deny that he is a Georgia editor with Republican third term proclivities.

REVIVO RESTORES VITALITY

"Made a Well Man of Me."

REVIVO REMEDY

produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. Young men can regain their lost manhood, and old men may recover their youthful vigor by using **REVIVO.** It quickly and quietly removes Nervousness, Lost Vitality, Sexual Weakness such as Lost Power, Failing Memory, Wasting Diseases, and effects of self-abuse or excess and indiscretion, which unfits one for study, business or marriage. Coca-Cola
IS THE IDEAL SUMMER DRINK
When the genuine is bottled you get an ideal drink of Coca-Cola, superior to that served at any fountain. Just exactly the proper amount of the Coca-Cola syrup is used; just the proper charge is used to carbonate the water. The sparkle, flavor and purity is all there, because only the purest distilled water is used with the genuine Coca-Cola in sterilized bottles. Keep it always in your refrigerator, and drink the bottled article wherever you go

KING'S LIFE ENDANGERED.

Attempt to Wreck Train on Which Edward Was Traveling.

Geneva, May 6.—The overheating of an axle on a car of a train on which King Edward was traveling to France is declared by newspapers here to have been probably an attempt to wreck the train.

Before entering the Simplon tunnel, the train was stopped as a measure of precaution at Sion, and it was found that a grease box on one of the axles was missing.

The train had been running at the rate of a hundred kilometers an hour and the axle was white hot. If the train had gone a few miles further, the axles might have fused and the cars would then have been derailed. It is said that the bolts and pins securing the box had been deliberately removed. An inquiry was immediately begun.

Steel for Broadway Building.

New York, May 6.—Much of the steel which is being used in constructing the building at the corner structing the Singer building at the corner of Broadway and Liberty streets, is material that passed through the earthquake and fire in San Francisco more than a year ago. Twisted and warped beams from the Golden Gate were purchased and then shipped around Cape Horn in sailing vessels to the contractors' mills at Staten Island. There they were remelted and rolled again into good, straight beams for structural purposes.

Baptists to Meet at Jamestown.

New York, May 6.—The second meeting of the general convention of the Baptists of North America is to be held in the convention hall of the Jamestown exposition on May 22 and 23. Matters that are likely to come before the general Baptist' convention include the proposed meeting of the Baptist world alliance in 1910, the Baptist Brotherhood, Church Federation, a national Christian Temperance movement, arbitration and divorcing.

Placing the Responsibility.

For six months or more the druggist's assistant had occupied his leisure moments by writing verses for the village paper, in the "poets' corner" of which publication they appeared anonymously every Thursday, says the Youth's Companion. On opening his copy of the Weekly Bugle one morning, and, turning first, as was his regular habit, to that particular corner, he was surprised and gratified beyond measure to see his name in full appended to his latest poetical outbreak.

He hastened to call at the office of the Bugle.

"Mr. Stires," he said to the editor, "I want to thank you for signing my name to my poem in this week's paper. It encourages a fellow when he gets proper credit for his work."

"Oh, that's all right, Jobson," responded the editor. "We thought it was about time to place the responsibility for that poetry where it belonged."

His "Richt" Name.

From queer names and descriptions of things there follow as a natural sequence queer names and descriptions of people. Among a number of racy instances is one quoted by Mr. Fox-Davies, the well known authority on nomenclature, from Blackwood's Magazine, of April, 1842. "In one of the Buchan fishing villages a stranger had occasion to call on a fisherman of the name of Alexander White. Meeting a girl, he asked, 'Can ye tell me fa'r Sanny Fite lives?' 'Filk Sanny Fite?' quoth she. 'Muckle Sanny Fite?' said he. 'Filk muckle Sanny Fite?' 'Muckle lang Sanny Fite.' 'Filk muckle lang Sanny Fite?' 'Muckle lang gleyed Sanny Fite!' shouted the exasperated man. 'Oh, it's Goup-the-Lift ye're seeking,' answered the girl, 'and fat the de'il for dinna ye speer for the mon by his richt name at ance?' "

A Fighting State.

Whenever you scratch Kansas history you find a fight. No territory of equal size has had so much war over so many different causes. Her story in Indian fighting, gambler fighting, outlaw fighting, town site fighting and political fighting is not approached by any other portion of the west.—Outing Magazine.

His Little Joke.

At the breakfast table Good Friday morning Wilfred was given a hot cross bun. It was very small, raisinless and burnt.

"Ma," said the little fellow, disappointedly, "this seems to be a hot cross bunko."—Woman's Home Companion.

The Retort.

Here is a retort which a "dull student" once made: Professor—You seem to be very dull. When Alexander the Great was your age, he had already conquered the world. Student—Well, you see, he had Aristotle for a teacher. —Chambers' Journal.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

An Underground City.

In Galacia, in Austrian Poland, there is a remarkable underground city, which has a population of over 1,000 men, women and children, scores of whom have never seen the light of day. It is known as the City of Salt Mines and is situated several hundred feet below the earth's surface. It has its town hall, theater and assembly room as well as a beautiful church, decorated with statues, all being fashioned from the pure crystallized rock salt. It has well graded streets and spacious squares, lighted with electricity. There are numerous instances in this underground city where not a single individual in three or four successive generations has ever seen the sun or has any idea of how people live in the light of day.

Don't Stoop When You Read.

The habit of stooping over when reading or writing has a bad effect on most eyes and should be avoided, especially if one is nearsighted. When people approach the age of forty the morning paper is apt to appear blurred, and they complain the printing is getting bad. The trouble is they need glasses. If they do not get them, later on their eyes will deteriorate so rapidly they will be obliged to wear them all the time. On the other hand, if a person puts on glasses when the first warning of "tired eyes" is received he will never be obliged to wear them the rest of his life except when doing fine work.

Backing His Theory.

"Do you still believe in inherited weaknesses?"

"Yes."

"How do you account for the fact that little Mary Bingler cries so easy and so often?"

"Her mother worked in an onion cannery and her grandmother was an emotional actress."—Cleveland Plain Dealer.

A Winner.

Mrs. Goldington—I am amazed, sir, that you should propose to my daughter. You have not known her a week. The Wily Suitor—True, madam. But I have known you for some time, and everybody says your daughter takes after you. (He got the girl.)

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, four newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables

Gainesville, the County Seat...

Has fourteen churches, two public schools, the University of Florida, private schools, three newspapers United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two moss factories, three railroads, two fertiliser manufacturing companies, one fiber manufactory, one rectifying turpentine plant, two banks, and well stocked stores embracing everything in the commercial line.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

NEW ESPICOPAL CHURCH.

Workmen Are Engaged Finishing Up Interior—Handsome Furnishings.

The material and furnishings of the new Holy Trinity Episcopal church, corner East Main and East Mechanic streets, is being received daily, and workmen are engaged in finishing the interior of the building, which will be one of the handsomest church edifices in the State.

The oak panel work, which was made especially for this church, has been received, and much of it has been placed in position. This panel making a handsome contrast with the gray walls, and one that lovers of the beautiful cannot help but admire.

The congregation of Holy Trinity parish cannot but feel a deep pride in their new church.

GAINESVILLE HONORED.

Two Ladies of This City Elected State Vice-Presidents U. D. C.

The people of Gainesville are proud of the fact that two of our most widely known ladies were elected to responsible positions at the State convention of the U. D. C., which met in Jacksonville last week.

These ladies were Mesdames John Chesnut, who was honored by being re-elected as first vice-president, and J. L. Medlin, who was chosen by the Florida division as fourth vice-president.

The selection could not have been more wisely or deservedly made, and friends of the ladies are offering congratulations.

The Quarterly Conference.

The Second Quarterly Conference of the First Methodist Church of this city was held Monday morning at the church, Rev. Francis R. Bridges, presiding elder, in the chair, and Ferdinand Bayer secretary. The pastor and official board present.

The various reports submitted showed that the church, Sunday school, Epworth League and all other societies of the church are in a first-class condition, and the presiding elder complimented them highly for the good work that is being done.

J. A. Phifer was elected as trustee. The following named now constitute the board of trustees of the church: H. G. Mason, L. L. Hill, J. M. Dell, H. L. Phifer, T. F. Thomas, Wm. R. McKinstry, L. J. Swearingen, Ferdinand Bayer and J. A. Phifer.

Do You Love

your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. White's Cream Vermifuge rids the child of worms and cleans out its system in a pleasant way. Every mother should keep a bottle of this medicine in the house. With it fear need ever enter her mind. Price 25c. Sold by W. M. Johnson.

40,000 Men in Line.

New York, May 6.—A parade of the unions and socialist societies preceded a mass meeting at Grand Central palace Saturday evening. The managers claim that 40,000 men were in line. The parade and meeting was "a protest against the kidnaping of Moyer, Haywood and Pettibone, against the violating of habeas corpus and against the continued postponement of the trial."

Hoary Winter in Spring's Lap.

Kansas City, May 6.—The coldest May weather on record was experienced Friday night in this part of the southwest. Saturday the temperature rose rapidly. At Kansas City and generally in the northwestern corner of Missouri, 27 degrees was recorded on the thermometers.

Deal Failed to Work.

New York, May 6.—The Herald says that negotiations have failed in the attempt to consolidate the International Rubber company and the U. S. Rubber company, and that the scheme has been abandoned. The stumbling block proved to be inability to come to satisfactory terms.

People Shiver in Missouri.

St. Joseph, Mo., May 6—The mercury was below freezing throughout northwest Missouri Friday night, and gardens were practically ruined. It was the coldest night ever known here in May.

Woman Made Rural Carrier.

West Point, Ga., May 6.—Mrs. J. G. Norman, has been appointed as rural carrier for rural free delivery route No. 2, from West Point, as successor to S. D. Sims, deceased.

A Handsome Pocket SAVINGS BANK

FREE AND 25c

GIVEN TO EVERY SUBSCRIBER OF

THE GAINESVILLE SUN

Who will come and get a Savings Bank and start a Savings Account in the new bank which will be opened by PHIFER BROS. in their handsome store building on the Southeast corner of the Square on MAY 1st, 1907.

THE SUN Proposes To Give Away $1,000 in Cash

To stimulate the great, grand cause of Saving Money. There are hundreds of Gainesville people who never save a dollar; they never think of the "rainy day" that is certain to come to all. To save spare change or a part of one's earnings is all a habit, which, once acquired, becomes easy to continue, and before you know it you have a snug sum in a reliable bank—and this bank will give you interest money twice each year, so that your savings are really earning money for you. Everybody has friends or acquaintances who have been more or less successful in a financial way, and in ninety-five out of every hundred of these instances the success that perhaps makes you envious was started by the bank savings habit.

BRING THIS COUPON WITH YOU AND RENEW YOUR SUBSCRIPTION TO THE SEMI-WEEKLY SUN FOR ONE YEAR, OR FOR THE DAILY SUN FOR THREE MONTHS, AND GET A HANDSOME POCKET SAVINGS BANK FREE AND 25 CENTS CREDITED TO YOUR ACCOUNT AT PHIFER'S SAVINGS BANK. SEMI-WEEKLY SUN $1.00 PER YEAR; DAILY SUN $1.25 FOR THREE MONTHS.

IF YOU ARE NOT A SUBSCRIBER TO THE SUN NOW, CUT THIS COUPON OUT AND BRING IT TO THE SUN'S BUSINESS OFFICE AND SUBSCRIBE TODAY FOR THE SEMI-WEEKLY SUN FOR ONE YEAR, OR FOR THE DAILY SUN FOR THREE MONTHS, AND GET YOU A HANDSOME POCKET SAVINGS BANK AND 25 CENTS. SEMI-WEEKLY SUN $1.00 PER YEAR; DAILY SUN $1.25 FOR THREE MONTHS.

HERE IS HOW WE ARE GOING TO MAKE THE ABOVE POSSIBLE

Every person renewing their subscription to The Semi-Weekly Sun for one year or to The Daily for three months or who subscribes for The Gainesville Semi-Weekly Sun for one year or for The Daily Sun for three months, will be entitled to one of these handsome pocket banks free of charge and will receive credit at Phifer's Savings Bank for 25 cents.

Daily Sun $5.00 Per Year; $1.25 For Three Months
Semi-Weekly Sun, $1.00 Per Year.

Get in line and be among the first to secure this beautiful little bank free of charge. You must call in person to secure one.

NEW BANK

Our long delayed bank fixtures have at last arrived and we are now open for business.

We want YOU—Not somebody else, but YOU—to start an account in our Savings Department.

Commence now—get in the habit of saving a part of your weekly or monthly earnings and put it in our Savings Department where it will earn interest while you sleep. Nothing will make you feel so independent as a nice Bank Account.

We want one thousand depositors within the next sixty days.

We solicit the accounts of merchants, corporations, farmers and individuals subject to check. No interest allowed on deposits subject to check.

We will be pleased to have you become one of our customers.

Mrs. R. Wilson

To make Ice Cream in 10 minutes for 1 cent a plate. Stir contents of one package

Jell-O Ice Cream Powder

into a quart of milk and freeze, without heating or cooking. Simple, isn't it? Saves the cost of eggs, sugar and flavoring. Saves measuring out ingredients and cooking. Does away with all uncertainty, and insures the best and purest ice cream possible to produce. Failure impossible. Nothing to add except milk. One package costing 15c. makes nearly two quarts ice cream.

Flavors: Chocolate, Vanilla, Strawberry, Lemon and Unflavored.

2 packages 25c. If your grocer does not keep it send us his name and 25 cents for two packages by mail. New illustrated recipe book mailed free.

The Genesee Pure Food Co., Le Roy, N. Y.

P. S. Delicious Cream Pudding can also be made from Jell-O ICE CREAM Powder.
